

NOTICE OF PUBLIC HEARINGS

Idaho Department of Health and Welfare Infant Toddler Program

WELCOMES YOUR COMMENTS

Public Hearings are scheduled to invite your comments about the Idaho Infant Toddler Program and the implementation of the early intervention system for infants, toddlers, and their families. The intent of these hearings is to receive comments and recognize any concerns related to changes in policies and procedures. The Idaho Department of Health and Welfare, as the state's Lead Agency, administers the Infant Toddler Program and is responsible for identifying children birth to three years who need services, evaluating their needs, coordinating and delivering services, and protecting families and children's rights under the Individuals with Disabilities Education Act (IDEA), Part C.

The Department of Health and Welfare prepares and submits an application and plan for implementing services in order to receive federal funding for implementation of early intervention services for eligible infants and toddlers and their families. The Department is inviting your participation to review and comment on proposed changes in the application. Changes entail financial matters and fiscal procedures, as related to use of funds and payor of last resort.

The proposed changes are available for review from February 6, 2012 through April 6, 2012 and open for public comment from February 20, 2012, through March 20, 2012. The application is available at www.InfantToddler.Idaho.gov or by written request to: Aimee Tobias, Idaho Infant Toddler Program, P.O. Box 83720, Boise, ID, 83720-0036.
