

## IRIS School Module Training

Thank you for enrolling in the School Module Training! This session is designed to orient you to using the various functions of IRIS.

---

### TRAINING OBJECTIVES

---

*By the end of this training you will be able to:*

- Access and organize students' immunization records
- Search for a student by last name and date of birth
- Select a student and verify that demographics match the patient you are searching for
- Add a student to your school report
- View student immunizations and determine if students meet immunization records
- Add historical vaccinations not in IRIS
- Run an Action Report to identify students who have not met School Immunization Requirements
- Complete the annual School Immunization Report using IRIS

---

### HOW WILL THE IRIS SCHOOL MODULE BENEFIT ME?

---

IRIS is a statewide immunization registry that is accessible to healthcare providers, schools, and child care providers. School personnel now have the ability to enter student immunization records into IRIS and create various reports. The registry saves schools time otherwise spent tracking down student immunization records and simplifies the process of submitting the annual School Immunization Report.

---

### GAIN CONSENT FIRST

---

IRIS is a consent **ONLY** registry. Before entering any vaccination records into IRIS, it is required that a consent form be signed by a parent or guardian. File the consent form in the student's permanent record.

# IRIS School Module Training

## LOGGING IN

1. Open Internet Explorer and enter the web address for IRIS: <https://iris.idaho.gov>
2. The “**Welcome to IRIS**” window appears. Locate the **Main** menu on the left hand side of the screen. Click on the **Login** option.
3. Enter your IRIS School Module **Username** and **Password** and click **Login**.

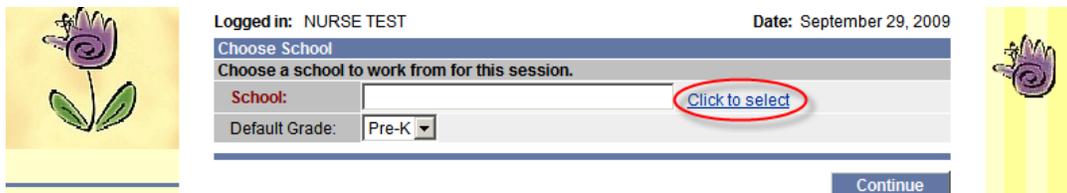

4. If this is the first time you have logged into the IRIS School Module, a **Confidentiality Agreement** will appear. After you have read the agreement, click the **Accept** button.
5. A list of **School Requirements** will appear, click **Continue**.

## CHOOSE SCHOOL

6. **Choose a School** to work from for this session. To **Choose a School** you must click on the **Click to Select** link. You will not be able to type a school name into the **School** field.
- \*NOTE:** You **MUST Choose a School** in order to search for immunization records and access the School Immunization Report.

- The **Select School** pop-up box will appear. All fields are pre-filled and do not need to be completed. Click **Search**.

 Edit Update

13. To view the student's immunization record go to the **Vaccinations** menu, click **View/Add**. The **Patient** and **Vaccination View/Add** screens will appear detailing the vaccines the student has received. At the top of the **Vaccination View/Add** screen there is a **Print Page** option to create a printer friendly copy of the student's immunization record.

**Patient**

Name: NURSE TEST  
 Date of Birth: 01/01/2004  
 Guardian: CARMELA  
 SIIS Patient ID: 617343  
 Age: 299 weeks, 68 months, 5 yrs  
 Status: Active

[Print Page](#) [View Print Page](#)

**Vaccination View/Add**

(\* - Historicals , #- Adverse Reaction , !- Warning , +- Unverified Historicals , ^ - Compromised Vaccination )

Double-click in any date field below to enter the default date: 09/29/2009

Vaccine	1	2	3	4	5	6
DTaP	07/01/2005 + 01/01/2008 +					
DTaP/Hep B/IPV	03/01/2004 + 05/01/2004 + 07/01/2004 +					
Hep A 2 dose - Ped/Adol	07/01/2005 + 01/01/2006 +					
Hep B Ped/Adol - Preserv Free	01/01/2004 +					

14. To view the vaccinations a student will require, click **Forecast** under the **Vaccinations** menu.

**Vaccination Forecast**

The forecast automatically switches to the accelerated schedule when a patient is behind schedule.

Vaccine Family	Dose	Recommended Date	Minimum Valid Date	Overdue Date	Status
DTaP/DT/Td/Tdap*	6	01/01/2015	01/01/2015	01/01/2017	Up to Date
HPV	1	01/01/2015	01/01/2013	01/01/2017	Up to Date
MENINGOCOCCAL	1	01/01/2015	01/01/2006	01/01/2017	Up to Date

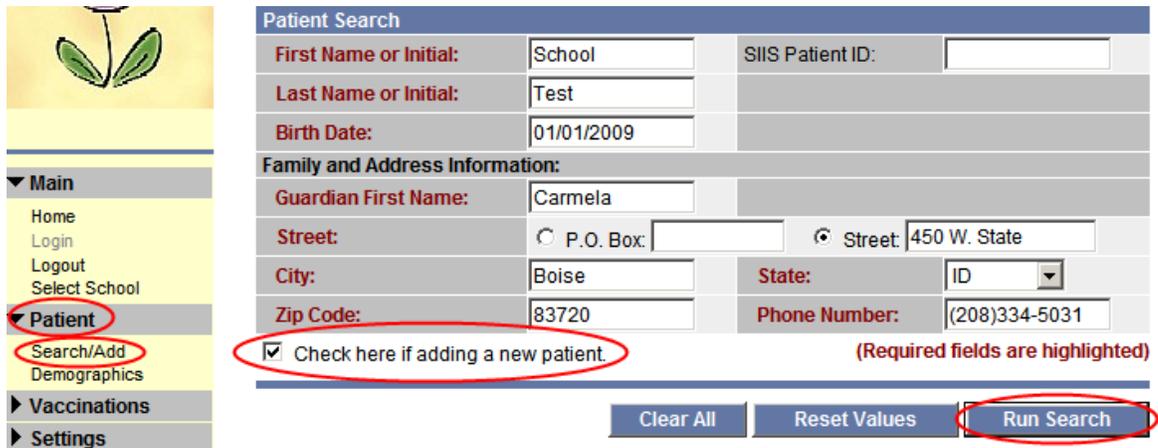

\* DTaP or DT should be given to patients under 7 years of age. Td should be given to patients over 7 years of age. Patients over the age of 11 should receive one dose of Tdap.  
 \*\* If an adolescent has already begun the routine 3 dose Hep-B schedule, they should not be changed to the 2 dose schedule.

15. To search for additional student records in IRIS go to the **Patient Menu** click **Search/Add**. The **Patient Search** screen will appear.

## ADDING A STUDENT

You must have parental or guardian consent to add student immunization information to IRIS. Parental consent can be obtained by asking for a parent/guardian to sign an IRIS Consent Form provided by the Idaho Immunization Program (available on the IRIS homepage). Place signed IRIS Consent Forms in the student's cumulative file or health file.

16. To add a student record to IRIS, select **Search/Add** from the **Patient Menu**. At the bottom of the **Patient Search** screen check the box that says **Check here if adding a new patient**. Fill in all **red** highlighted fields. Select **Run Search**.

**Patient Search**

**First Name or Initial:** School **SIIIS Patient ID:**

**Last Name or Initial:** Test

**Birth Date:** 01/01/2009

**Family and Address Information:**

**Guardian First Name:** Carmela

**Street:**  P.O. Box:   Street: 450 W. State

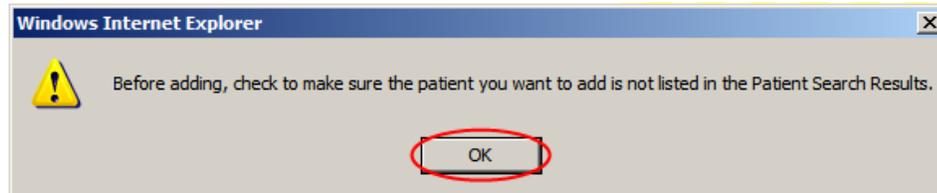

**City:** Boise **State:** ID

**Zip Code:** 83720 **Phone Number:** (208)334-5031

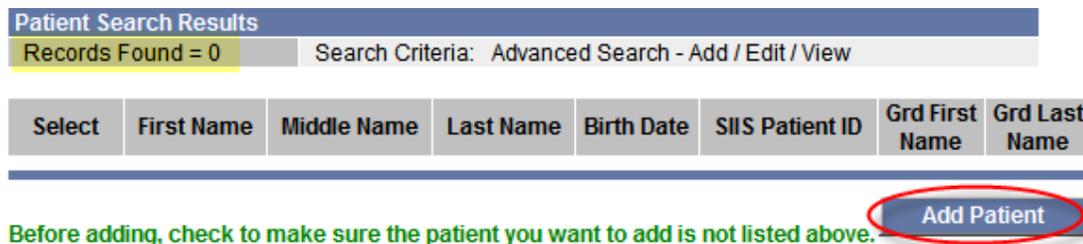

Check here if adding a new patient. (Required fields are highlighted)

Clear All Reset Values **Run Search**

17. A pop-up box warning will appear. Click **OK**.

18. A list of **Patient Search Results** will be generated. Verify the student you want to add does not already have a record in IRIS. Select **Add Patient**.

**Patient Search Results**

Influenza split, 6-35 mos.	03/07/2006					
MMR	06/21/2004					
Varicella	04/08/2005					

Clear    **Add Historicals**

\*Use only for shots given by a facility other than your own.

**\*NOTE:** Vaccines are listed by vaccine type in IRIS, not by brand name. It is important that the correct vaccine type is entered into IRIS in order for IRIS to correctly forecast when a student is due for additional immunizations.

**Table 1. Vaccine Types**

Vaccine Type	Brand Name	What does it mean?
DTaP/Hep B/ IPV	Pediarix	A combination vaccine containing Diphtheria, Tetanus, acellular Pertussis, Hepatitis B and inactivated Polio
DTaP	Infanrix or Daptacel	Diphtheria, Tetanus, acellular Pertussis vaccine
DTP	Tri-Immunol	Diphtheria, Tetanus, whole-cell Pertussis (not commonly given in US after 1996)
DT		Diphtheria and Tetanus vaccine
Tdap	Boostrix or Adacel	This vaccine is a Tetanus, Diphtheria, and acellular Pertussis booster vaccine for teens/adults (new 2005)
Td	-	This vaccine is a Tetanus and Diphtheria booster vaccine for teens/adults
IPV	-	Inactivated Polio vaccine
OPV	Trivalent	Oral Polio vaccine ( no longer used in the US as of 1999)
MMR	MMRII	Measles, Mumps, and Rubella vaccine
MMR/Varicella	ProQuad	This is a combination vaccine containing Measles, Mumps, Rubella, and Varicella (chickenpox) (new 2006)
Varicella	Varivax	Varicella (chickenpox) vaccine
Hep B Ped/Adol- preserv free	Recombivax or Engerix	Hepatitis B vaccine
Hep A 2 dose – Ped/Adol	Havrix or VAQTA	Hepatitis A vaccine
Hep B/Hib	Comvax	A combination vaccine containing Hepatitis B and <i>Haemophilus influenzae</i> type B
Hib-PRP-OMP	PedvaxHIB	A 3 doses series <i>Haemophilus influenzae</i> type B vaccine
Hib-PRP-T	ActHIB	A 4 dose series <i>Haemophilus influenzae</i> type B vaccine
Pneumococcal (PCV7)	Prevnar	Pneumococcal vaccine for kids <5 years
Meningococcal conjugate (MCV4)	Menactra	Bacterial Meningitis vaccine for teens/adults (new 2006)
HPV, quadrivalent	Gardasil	Human Papillomavirus vaccine for girls/women (new 2006)

# SCHOOL ACTION REPORT

The School Action Report allows for quick identification of students who have not met School Immunization Requirements.

- Run a School Action Report to determine whether a student’s IRIS record meets school immunization requirements. To run a School Action Report go to the **Reports** menu, click on **School Reports**. Select **Action Report** from the **School Nurse Reports** menu.

The screenshot shows the IRIS School Module interface. On the left is a navigation menu with categories: Main (Home, Login, Logout, Select School), Patient, Vaccinations, Settings, Schools, Reports (School Reports), and a flower icon. The main content area shows the user is logged in as 'NURSE TEST' on 'September 30, 2009'. Under 'School Nurse Reports', the 'Action Report' option is circled in red. Other options include 'School Immunization Report, First Time Enterer', 'Action Report Notice/Letter', 'Action Report Notice/Letter Message', 'Facilities Not Reporting', 'Summary of Student Immunization Data', 'School Patient Detail Report', 'School Submission Report', and 'School Immunization Report'. A vertical yellow bar with three flower icons is on the right side of the interface.

- The school you selected initially when you logged into the IRIS School Module will automatically be listed in the **Search Results**. If the school you wish to create a School Action Report is not listed, click **Search**. A list of all schools in your school district will populate the **Search Results** section.

**School Action Report**

32. To create a School Immunization Report go to the **Reports** menu and click on **School Reports**. The **School Nurse Reports** menu will appear. Click **School Immunization Report**.

33. There are two options to complete and submit the School Immunization Report using IRIS.
- IRIS can calculate the School Immunization Report for you. To do this you must search IRIS for all students enrolled in kindergarten, first, and seventh grade at your school. Refer to the **Student Search** instructions above for details on how to do this. IRIS will calculate whether these kids meet school requirements. You can account for student records not found in IRIS (non-consented students) in the Non-Consented Values section of IRIS. To do this, pull the immunization record for any child not in IRIS from your school files. Calculate if each student not in IRIS has met school requirements. Follow the instructions below on how to enter this cumulative data into the Non-Consented Values section of IRIS to complete the School Immunization Report.
  - Calculate data for the School Immunization Report yourself and enter cumulative data into the Non-Consented Values section of IRIS (similar to how you reported in the past).
34. To edit the **Non-Consented Values** section, click **Edit Non-consented Totals** on the **School Immunization Report** screen.

**School Immunization Report**

**Edit Non-consented Totals** **Run Report**

**Non-Consented Values**  
**Selected School: TEST SCHOOL**

TOTAL NON-CONSENTED STUDENTS	Kindergarten	First Grade	Seventh Grade
Total Number of Non-consented Students	4	0	0
TOTAL COMPLETE	Kindergarten	First Grade	Seventh Grade
Total Number Complete (exclude Exempted students)	1	0	0

35. Type in the numbers you have calculated for each section. Scroll to the bottom of the **Edit Non-Consented Values** section and click **Save Non-Consented Totals**.

MENINGOCOCCAL (Menactra (MCV4), Menomune (MPSV4))	Seventh Grade
Total Number Complete (exclude Exempted students)	<input type="text" value="0"/>
Number of students with no vaccination history (include exempted students and no records)	<input type="text" value="0"/>

36. To **SUBMIT** a final School Immunization Report click **Run Report** at the top of the **School Immunization Report** screen.

Non-consented values are saved

School Immunization Report

Non-Consented Values

Selected School: TEST SCHOOL

TOTAL NON-CONSENTED STUDENTS	Kindergarten	First Grade	Seventh Grade
Total Number of Non-consented Students	4	0	0

37. A **State of Idaho School Immunization Report** will be created. This report combines all non-consented student data you just entered and all students you found a record on in IRIS (if you searched for student records in IRIS and selected **Include on Reports**).

**STATE OF IDAHO**

**School Immunization Report**

<b>Report Period</b> 2009-2010	<b>Name and title of Person Completing Report</b> NURSE TEST			<b>Date of Report (MM/DD/YYYY)</b> 09/30/2009
<b>Name of School</b> TEST SCHOOL				<b>Phone</b> (208)334-5931
<b>School Address</b> 450 W STATE ST.	<b>City, State</b> BOISE,ID	<b>Zip</b> 83720	<b>County</b> ADA	<b>School District #</b> TEST DISTRICT
<b>Email Address</b> TEST@TEST.COM				<b>Type of School</b> Private

38. Verify that the information entered into each section of the **State of Idaho School Immunization Report** is accurate. If there are no changes then your report is considered as having been submitted. Please print or export a copy of the School Immunization Report for your records.

39. School Immunization Report data can be exported to Microsoft Excel by clicking the **Export** button next to the **School Immunization Report** link on the **School Nurse Reports** screen.

40. When prompted choose to **Save** the file. Open Microsoft Excel and open the file to view your report data.
