C. L. "BUTCH" OTTER - Governor

RICHARD M. ARMSTRONG - Director

Idaho EMS:

The Bureau of EMS & Preparedness maintains two full sets of BLS training equipment that can be signed for and loaned out to volunteer EMS agencies that are hosting an initial course. If possible the Bureau may be able to deliver the set, but may require arrangements for pickup at the storage site. The borrowing agency takes full responsibility of the equipment and must ensure that it is accounted for and kept in serviceable condition. Items that are lost or damaged beyond normal wear and tear must be replaced at the agency's expense.

If your agency would be interested in utilizing one of the equipment sets please contact Kody Dribnak at <u>DribnakK@dhw.idaho.gov</u> or (208)334-4000.

Sincerely,

Chris Stoker,

EMS Section Manager
