Site visits to begin in September.

Renewal applications to be out to the agencies 2 months ahead of CS arrival: 30 days to complete and return to the Bureau, 30 days to review.

- Is that enough time to complete the application?
- This will also be “first contact” via letter/email.
 - Month of site visit, topics of discussion, etc.
 - Is that enough lead time?

One month prior to site visit CS will make contact to finalize visit date. Invitation will also be extended to the Medical Director.

During the site visit: equipment inspection and verification, clarification of renewal information, relevant talking points, etc.

Month after site visit: CS will compile all data, Marc will review and TRS will enter data in to I-Wise. For those agencies with no deficiencies, licenses will be produced and mailed.

What if deficiencies are found?

- Bureau review
- Compliance plan
- Follow up visit
