## Idaho Healthy Schools Program Medicaid Grantee School Districts (As of 8/1/13)

Fourteen (14) Idaho school districts will receive a Healthy Schools grant for the 2013-2014 school year. Grants amounts are determined according to the percentage of low-income students and the nurse-to-student ratio in each school district. Grant amounts are percentages of a baseline nurse salary of \$40,000 per year. Some grantee districts are supplementing Medicaid grants with district funds.

| School District                      | % Nurse Salary Grant<br>Available from Idaho<br>Medicaid | Idaho Medicaid Grant<br>Amount |
|--------------------------------------|--|--------------------------------|
| Plummer/Worley                       | 0.49   | \$19,600                       |
| Caldwell                             | 2.00   | \$80,000                       |
| Wilder                               | 0.49   | \$19,600                       |
| Notus                                | 0.25   | \$10,000                       |
| Parma                                | 0.83   | \$33,200                       |
| Cassia County                        | 0.55   | \$22,000                       |
| Glenns Ferry & Bruneau-<br>Grandview | 0.78   | \$31,200                       |
| Valley                               | 0.49   | \$19,600                       |
| Minidoka County                      | 1.75   | \$70,000                       |
| Fruitland                            | 0.125  | \$5,000                        |
| American Falls                       | 1.00   | \$40,000                       |
| Hansen & Murtaugh                    | 0.49   | \$19,600                       |
| Weiser                               | 0.40   | \$16,000                       |
| Kamiah                               | 0.355  | \$14,200                       |
| <b>Total Grant Funding</b>           |  | \$400,000                      |
