Dear Ms. Eide:

I am writing you this note for the upcoming committee meeting this Friday. As a neurologist in the valley I am a strong advocate for open access to all treatments for multiple sclerosis, be it either oral, injectable or infusion type. I would ask that you please give that serious consideration and maintain all products on the State formulary.

If you have any questions about this please don't hesitate to contact me.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Lawrence E. Green, M.D.", with a large, stylized flourish at the end.

Lawrence E. Green, M.D.
