

DATE: March 11, 2015
TO: SUD Provider Network
FROM: Business Psychology Associates Provider Network Management
SUBJECT: Process for BPA Network Providers to Change Locations and/or Services

In an effort to streamline the application process for the provider network, IDHW and BPA have clarified roles and would like to announce the following changes to the process effective immediately:

Providers currently in the BPA Network who are seeking to add a location, relocate current operations, add a service or expand to serve a new population should complete a BPA form and submit it directly to BPA. They will no longer need to complete the IDHW application as a preliminary step. In addition, applications for facility renewal should be sent directly to BPA as well. Forms can be found on the BPA website at www.bpahealth.com.

New providers seeking to become licensed by IDHW and join the BPA network will need to complete the IDHW application and facility approval process prior to applying with BPA as is current practice.

Molly Zuniga will manage this process and can be reached at molly.zuniga@bpahealth.com or by calling 947-5130. If you have any questions, you can also contact your Regional Coordinator below:
