RE: DHW Internal Audit

Sometime in the next four months you may be contacted by a representative of the DHW Internal Audit team to conduct an audit on specific client charts on billed services. This is standard procedure for DHW and in no way indicates any wrong doing on the part of anyone visited. All providers and clients reviewed will be chosen at random. We know going through the audit may be inconvenient, but it is one of the ways in which we are able to assure taxpayers their money is being spent in a responsible manner. We know this is as important to our providers as it is to the general public.

Thank you for helping in this effort.

If you have questions, please contact me.
