MEMORANDUM

December 3, 2009

TO: BPA Network Providers
FROM: Bethany Gadzinski, Chief

RE: Documentation to determine Qualified Professional (QP) designation

Over the last several months the Bureau of Substance Use Disorders has created a data base of all clinicians we are aware of that are treating clients at a BPA contracted treatment provider. This data base includes any documentation we, or BPA, have on the clinician to determine QP status. Currently, there are 483 clinicians in this data base. Of these 483, 199 have incomplete documentation.

The list of both QP status and GAIN trained status is now on the Health and Welfare website at:

<http://www.healthandwelfare.idaho.gov/Portals/0/Medical/SUD/Qualified%20Professional%20List%202012-02-09.xls>

Please note that there is a disclaimer attached to this list. The list does not replace the due diligence that a provider needs to use when hiring. Additionally, Health and Welfare will not be accepting requests from providers to determine someone's QP status before they are hired. We have made available to all providers the checklist the Substance Use Disorder Bureau uses to determine QP status. I have attached the checklist template to this memo.

Please do not hesitate to contact me if you have questions or concerns at:
