October 2, 2009

To Providers:

The Bureau of Substance Use Disorders has been asked by IDHW's Internal Audit Unit to set a target date for audits to be conducted on SUD treatment billings. The start date will be March 1, 2010. These audits will entail a Department auditor coming to a provider facility to verify that treatment billed to and paid by the State is documented in client files. Providers and charts will be chosen randomly.

We know this will be an inconvenience but we need to demonstrate to both policy makers and the public that tax dollars are being used responsibly. If you have questions or concerns please contact me. Thank you for your willingness to participate in this process.
