DATE: April 2, 2013

TO: SUD Provider Network, Idaho Department of Juvenile Corrections, Idaho

Department of Correction and Idaho Supreme Court

FROM: Idaho Department of Health and Welfare, Division of Behavioral Health

SUBJECT: Survey of publicly funded SUD treatment providers regarding GAIN

training needs through SFY 2014.

Since February 2007, 503 clinicians have become GAIN certified and 150 GAIN certified clinicians have participated in GRRS Editing and Interpretation Training. Three hundred seventy-three GAIN Certified clinicians currently access the GAIN ABS through WITS.

The goal of this survey is to identify current ongoing training needs from the folks who administer the GAIN and use the GAIN GRRS for decision making on a daily basis.

Your responses to the questions on the survey will provide reliable data from which to identify and address current and anticipated training needs through SFY 2014.

The survey has been constructed to be as user friendly as possible.

- You may review the entire survey prior to submitting answers to the questions.
- You may return to the survey to modify your responses.
- You may print a hard copy of the survey using your Internet browser if it will
 make it easier for you to gather information prior to entering responses online.
 Each survey page will need to be printed separately.
