RE: Authorization Start Dates Reminder

Please pay close attention to the authorization start date on the client vouchers you receive. Due to budgetary constraints and various grant requirements BPA may authorize some client services with a delayed treatment start date. These dates may vary based on the client population and specific grant requirements.

Please note that any services provided prior to the authorization start date are not covered and will not be reimbursed.

Any questions regarding authorizations or authorization effective dates may be directed to the Client Service Center at (208) 947-4393 or (800) 922-3406.

Thank you,

Business Psychology Associates
