Business Psychology Associates will be offering a one day training on the Essentials of Case Management on February 25, 2010 in Moscow.

This training is a requirement for all staff that wish to provide case management services to SUD funded clients and meets the minimal CM standards. SUD Providers must ensure that case management services are provided by staff who meet or exceed the minimal CM standards.

Attached is the registration form and CM Standards for pre-registration. Please submit the registration form and required documentation by **February 17, 2010**, for review and approval for staff attendance.

BPA encourages the provider network to expand the number of trained case managers within their agencies to meet the case management requirements to serve the SUD funded clients.

Completed registration forms and documentation should be faxed to (208) 344-7430 to the attention of Molly Zuniga or e-mailed to [molly.zuniga@bpahealth.com](mailto:molly.zuniga@bpahealth.com).
